# PLEASANT VIEW WATER AND SANITATION DISTRICT 2022 BUDGET SUMMARY OF SIGNIFICANT ASSUMPTIONS

#### **Services Provided**

The District collects sewage in its service area located in Jefferson County. No significant change in the level of sewer collection service is anticipated during 2023.

The District has prepared its 2023 budget based on the considered assumption that the District's sewer operations meet all of the components of any "Enterprise Fund" as defined in Article X, Section 20 (2)(d) of the Colorado Constitution (TABOR). In addition, the 2023 budget was prepared based upon an election held May 2, 2000, where a majority of the District's voters authorized the District to collect, retain and spend all revenue from all sources, including property taxes collected from the District's existing property tax rate of .552 mills, commencing January 1, 2000 and continuing thereafter, without regard to any limitations under TABOR or the limitation on property taxes under Section 29-1-301, C.R.S. Emergency reserves have been provided for in 2021 through 2023.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of C.R.S. 29-1-105. For financial statement reporting under generally accepted accounting principles (GAAP), the District uses the full accrual basis of accounting. Consequently, the terminology of "Funds Available" is used in the budget to distinguish the difference from GAAP accounting for Fund Equity. Funds Available represents each fund's current assets less its current liabilities except for the current portion of long-term debt. In addition, the budget separates individual funds which are included as one entity in the GAAP presentation.

#### **Tap Fees**

Surcharges imposed by Metro Wastewater Reclamation District (Metro) are also collected by the District and remitted to Metro.
