INDEPENDENT AUDITORS' REPORT

Board of Directors
Pleasant View Water and Sanitation District
Jefferson County, Colorado

Report on the Financial Statements

We have audited the accompanying financial statements of Pleasant View Water and Sanitation District, as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the entity's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Pleasant View Water and Sanitation District as of December 31, 2020 and 2019, and the changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the management’s discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our auditors’ opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audits for the years ended December 31, 2020 and 2019 were conducted for the purpose of forming an opinion on the financial statements that collectively comprise Pleasant View Water and Sanitation District’s basic financial statements. The accompanying supplementary information listed in the table of contents for the years ended December 31, 2020 and 2019 are presented for purposes of additional analysis and is not a required part of the basic financial statements.

The accompanying supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole for the years ended June 30, 2020 and 2019.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statements of the District as of and for the years ended June 30, 2018, 2017, and 2016 (not presented herein), and have issued our reports thereon dated June 19, 2019, June 7, 2018, and July 19, 2017, respectively, which contained unmodified opinions on the respective financial statements. The accompanying Assessed Valuation, Mill Levy, and Property Taxes Collected supplementary information for the years ended June 30, 2018, 2017, and 2016 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2018, 2017, and 20116 financial statements.

Board of Directors
Pleasant View Water and Sanitation District

This accompanying supplementary information has been subjected to the auditing procedures applied in the audits of the 2018, 2017, and 2016 basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare those financial statements or to those financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying Assessed Valuation, Mill Levy, and Property Taxes Collected supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole for the years ended June 30, 2018, 2017, and 2017.

**PLEASANT VIEW WATER AND SANITATION DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Definition of Reporting Entity

Pleasant View Water and Sanitation District (District), a quasi-municipal corporation is governed pursuant to provisions of the Colorado Special District Act. The District's service area is located in Jefferson County, Colorado. The District was established to provide water and sewer service to property within its service area.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

Accounting Policies

The accounting policies of the District conform to accounting principles generally accepted in the United States of America as applicable to governmental units accounted for as a proprietary enterprise fund. The enterprise fund is used since the District's powers are related to those operated in a manner similar to a private utility system where net income and capital maintenance are appropriate determinations of accountability.

The more significant accounting policies of the District are described as follows:

Basis of Accounting

The District's records are maintained on the accrual basis of accounting. Revenue is recognized when earned and expenses are recognized when the liability is incurred. Depreciation is computed and recorded as an operating expense. Expenditures for capital assets are shown as increases in assets and redemption of bonds is recorded as a reduction in liabilities.

Operating Revenues and Expenses

The District distinguishes between operating revenues and expenses and nonoperating items in the statements of revenues, expenses, and changes in fund net position. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the District's purpose of providing sewer services to its customers.

Operating revenues consist of charges to customers for service provided. Operating expenses include the cost of service, administrative expenses and depreciation of assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses or capital contributions.

**PLEASANT VIEW WATER AND SANITATION DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Operating Revenues and Expenses (Continued)

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted, as they are needed.

Budgets

In accordance with the State Budget Law, the District's board of directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total expenditures level and lapses at year-end. The District's board of directors can modify the budget by line item within the total appropriation without notice. The total appropriation can only be amended upon completion of notification and publication requirements.

Capital Assets

Capital assets include land, sewer system, buildings and improvements as well as vehicles and equipment. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable. Depreciation expense has been computed using the straight-line method over the estimated economic useful lives:

Sewer System	50 Years
Buildings and Improvements	10 to 40 Years
Vehicles and Equipment	5 to 15 Years

Property Taxes

Property taxes are levied by the District's board of directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June.

Delinquent taxpayers are notified in August and generally, sales of the tax liens on delinquent properties are held in November or December. The county treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as a deferred inflow of resources in the year they are levied and measurable. The property tax revenue is recorded as revenue in the year it is available or collected.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Compensated Absences

An employee earns vacation based on the number of years worked for the District. The District's vacation policy permits the carryover of 160 hours of vacation time from one year to the next. The District's sick leave policy permits the employee to accumulate one hour of sick leave for every 20 hours worked. The District's sick leave policy permits the carryover of 192 hours maximum in a two-year period. Vacation amounts carried over are included withing the Accrued Salaries and Benefits Payable line on the Statement of Net Position. Employees are not paid for unused sick days upon termination of employment, thus no liability is recorded.

Cash Equivalents

For purposes of the statement of cash flows, the District considers cash deposits and highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Contributions

Lines contributed to the District by developers are recorded as capital contributions and an addition to the sewer system at the developer's cost, which is equivalent to acquisition cost value. There were no such contributions during the years ended December 31, 2020 and 2019.

Tap Fees

Tap fees are recorded as capital contributions when the permit is sold.

Deposit for Building Operations and Maintenance Liability

On March 24, 2004, the District entered into an Internal Governmental Agreement (the IGA) with Pleasant View Metropolitan District for operation of the jointly owned and occupied property known as the Community Building. The IGA establishes procedures forming a Building Committee which will prepare and approve budgets and expenditures for general operations and upkeep of the Community Building. The funds related to this Building Committee are maintained in a unique bank account. The balance as of December 31, 2020 in this account was \$63,759. This amount is reflected in the cash balance with an offsetting liability on the balance sheet, resulting in a net \$-0- impact to net position.

New Accounting Pronouncements

In November 2016, GASB issued Statement No. 83, *Certain Asset Retirement Obligations*, which was originally effective for fiscal year 2019, but deferred to fiscal year 2020 due to the pandemic. The scope of this statement is to improve guidance regarding the reporting obligations when retiring certain tangible capital assets. For the District, this implementation has determined there is no asset retirement obligation required to be reported under GASB Statement No. 83.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

New Accounting Pronouncements (Continued)

In January 2017, GASB issued Statement No. 84, *Fiduciary Activities*, which was originally effective for fiscal year 2019, but deferred to fiscal year 2020 due to the pandemic. The scope of this statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. For the District, this implementation has determined there is no fiduciary activity required to be reported under GASB Statement No. 84.

NOTE 2 CASH AND INVESTMENTS

Cash and investments are reflected on the balance sheets as follows at December 31:

	<u>2020</u>	<u>2019</u>
Cash and Cash Equivalents - Unrestricted	\$ 4,195,800	\$ 3,893,514

 Total Cash and Investments	 <u>\$ 4,744,800</u>	 <u>\$ 4,442,514</u>

Deposits

The Colorado Public Deposit Protection Act, (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized.

**PLEASANT VIEW WATER AND SANITATION DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 2 CASH AND INVESTMENTS (CONTINUED)

The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to the aggregate uninsured deposits.

The State Regulatory Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2020 and 2019, the District's cash deposits had a carrying balance of \$3,641,807 and \$3,345,338, respectively, including \$549,000 and \$549,000 of certificates of deposits, respectively. Deposits, including the certificates of deposit are reported at cost.

Investments

Credit Risk

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local government entities may invest:

- Obligations of the United States certain U.S. government agency securities and World Bank
- Certain reverse repurchase agreements
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptances of certain banks
- Commercial paper
- Certain corporate bonds
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts
- Local government investment pools
- Certain securities lending agreements

The District generally limits its concentration of investments to local government investment pools, which are believed to have minimal credit risk; minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk disclosure requirements or subject to investment custodial credit risk disclosure for these investments.

The local government investment pools, which include Colorado Surplus Asset Fund Trust (CSAFE) and Colorado Local Government Liquid Asset Trust (COLOTRUST) are rated AAAM by Standard & Poor's.

Interest Rate Risk

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the board of directors. Corporate and bank securities and guaranteed investment contracts not purchased with bond proceeds are limited to maturities of three years or less.

**PLEASANT VIEW WATER AND SANITATION DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 2 CASH AND INVESTMENTS (CONTINUED)

The District owned the following investments (classified as cash equivalents) as of December 31:

<u>Type of Investment</u>	<u>Remaining Maturity</u>	<u>2020</u>	<u>2019</u>
Colorado Surplus Asset Fund Trust (CSAFE)	Less than One Year	\$ 553,315	\$ 549,898
Colorado Local Government Liquid Asset Trust (COLOTRUST)	Less than One Year	549,478	547,078
Total		<u>\$ 1,102,793</u>	<u>\$ 1,096,976</u>

CSAFE

At December 31, 2020 and 2019, the District had \$553,315 and \$549,898, respectively, invested in the Colorado Surplus Asset Fund Trust (CSAFE), which is an investment vehicle established by State statute for local government entities to pool surplus assets. The State Securities Commissioner administers and enforces all State statutes governing CSAFE. CSAFE is similar to a money market fund, with each share valued at \$1.00. CSAFE records its investments at amortized cost and the District records its investment in CSAFE using the amortized cost method.

COLOTRUST

At December 31, 2020 and 2019 the District had invested \$549,478 and \$547,078, respectively, in the Colorado Local Government Liquid Asset Trust (the Trust), an investment vehicle established for local government entities to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust operates similarly to a money market fund and each share is equal in value to \$1.00. The Trust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+.

Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper and any security allowed under C.R.S. 24-75-601. A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. The Trust records its investments at fair value and the District records its investment in the Trust using the net asset value method. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period.

Restricted Cash and Investments

Bond Reserves

The bond indenture relating to the Enterprise Revenue Refunding Bonds, Series 2012 requires the District to maintain a reserve account in an amount as defined in the bond indenture. The amount reserved as of December 31, 2020 and 2019 was \$149,000.

NOTE 3 CAPITAL ASSETS (CONTINUED)

Impairment of Water Wells

During the year-ended December 31, 2020, management determined that the water wells with an original cost of \$152,120 should be impaired, as they were not to be used in operations going forward nor were there likely possibilities of the wells being leased/rented to others. This impairment is shown on the Statement of Revenues, Expenses, and Changes in Net Position as a Special Item.

Depreciation

Depreciation expense was charged to the following operations for the years ended December 31:

	2020	2019
Sewer Operations	\$ 88,835	\$ 89,131
General and Administrative	15,978	14,813
Total	\$ 104,813	\$ 103,944

NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)

The details of the District's long-term obligations are as follows \$1,490,000 Enterprise Revenue Refunding Bonds, Series 2012, dated June 28, 2012, with interest of 2.00% to 3.00%, consisting of serial bonds due annually through 2021. The bonds are not subject to redemption prior to maturity. The bond resolutions contain various restrictive covenants, including restricted cash and rate covenants. Net revenues are pledged for repayment of the bonds. Net revenues are defined as gross revenues less operation and maintenance expenses Net revenues for the Fiscal Year 2020 are as follows:

Net Revenues	December 31, 2020	December 31, 2019
Gross Revenues	\$ 1,738,782	\$ 1,702,698
Less:		
Operating and maintenance	(1,510,292)	(1,209,600)
Add back:		
Depreciation	<u>104,813</u>	<u>103,944</u>
Fiscal Year 2020 Net Revenues	<u>\$ 333,303</u>	<u>\$ 597,042</u>

The District has established the required reserves in accordance with the bond resolutions (see Note 2). At December 31, 2020 and 2019, management believes the District was in compliance with these covenants.

The District's long-term obligations will mature as follows:

<u>Year Ending December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2021	\$ 170,000	\$ 5,100	\$ 175,100
Total	<u>\$ 170,000</u>	<u>\$ 5,100</u>	<u>\$ 175,100</u>

NOTE 5 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees, or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2020. The Pool is an organization created by intergovernmental agreement to provide property, liability, public official's liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, workers compensation and public official's liability. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 6 DISTRICT EMPLOYEES' RETIREMENT PLAN

The District participates in the Colorado County Officials and Employees Retirement Association Defined Contribution Plan (CCOERA). In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees become participants after one year of employment. Under this plan, 5% of the employees' compensation is withheld and remitted to the CCOERA along with a matching payment of 5% from the District. The District's contributions, plus earnings, become vested at a rate of 20% for each year of participation in the plan. Nonvested District contributions for employees who leave employment before five years of participation are used to reduce the District's current period contribution requirement. Plan provisions and contribution requirements are established and may be amended by CCOERA and would have to be approved by the District's board of directors. There is no liability for benefits under the plan beyond the District's matching payments.

Both the District and the participating employees made the required 5% contributions for 2020 and 2019. The District's and employees contributions to the plan for the years ended December 31, 2020 and 2019 were as follows:

<u>Year Ending December 31,</u>	<u>District</u>	<u>Employees</u>
2019	\$ 8,136	\$ 8,136
2020	8,556	8,556

NOTE 7 DEFERRED COMPENSATION PLAN

The District has a deferred compensation plan created in accordance with Internal Revenue Code Section 457. This plan is also administered by CCOERA. Participation in the plan is optional for all employees. The plan allows the employees to defer a portion of their salary until future years.

NOTE 8 SEWER SERVICE CONTRACT

The District has an agreement with Metropolitan Wastewater Reclamation District (Metro) for sewage treatment and disposal. The District pays Metro for sewage treatment fees and the District bills the users for sewer service. The District is responsible for the maintenance and future construction costs of all sewer lines and retains title to all sewer lines in the District. The standard service agreement with Metro provides for annual charges to be assessed by formula against the District on an estimated basis. Adjustments to the estimated charge for metered flows and actual costs are billed and payable or credited during the two succeeding years. Metro assesses tap fees against the District for connections to the system.

NOTE 8 SEWER SERVICE CONTRACT (CONTINUED)

The composition of the charges for 2020 and 2019 are as follows:

	2020	2019
Estimate for Current Year	\$ 953,495	\$ 903,078
Adjustment of Second Preceding Year Estimate to Actual Finding	46,322	(70,427)
Preliminary Adjustment of Preceding Year Estimate	21,354	(62,509)
Total Annual Charges	\$ 1,021,171	\$ 770,142

The 2021 sewer treatment estimate is \$938,292. The total annual charge is expected to be \$924,702, which includes a favorable 2020 preliminary final adjustment of \$9,971 and a favorable 2019 adjustment of \$3,619.

NOTE 9 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR) contains tax, spending, revenue and debt limitations, which apply to the state of Colorado and all local governments.

Enterprises, defined as government-owned businesses authorized to issue revenue bonds and receiving less than 10% of annual revenue in grants from all state and local governments combined, are excluded from the provisions of TABOR. The District's management believes a significant portion of its operations qualifies for this exclusion.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

On May 2, 2000, a majority of the District's voters authorized the District to collect, retain and spend all revenue from all sources, including property taxes collected from the District's existing property tax rate of .552 mills, commencing January 1, 2000 and continuing thereafter, without regard to any limitations under TABOR or the limitation on property taxes under Section 29-1-301, C.R.S.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits and qualification as an Enterprise will require judicial interpretation.

NOTE 10 NET POSITION

The District has net position consisting of three components – net investment in capital assets, restricted, and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds and loans that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2020 and 2019, the District had net investment in capital assets, calculated as follows:

	2020	2019
Net Investment in Capital Assets		
Capital Assets - Net of Accumulated Depreciation	\$ 2,792,604	\$ 3,049,537
Current Portion of Long-Term Obligations	(171,476)	(167,908)
Bonds Payable	-	(171,476)
Total	\$ 2,621,128	\$ 2,710,153

NOTE 11 NET POSITION

Restricted assets include net position that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2020 and 2019, as follows:

	2020	2019
Restricted:		
Debt Service	\$ 149,000	\$ 149,000

Unrestricted net position consists of net position that does not meet the definition of net investment in capital assets or restricted.
